SCOPE AND CONTENT OF THE RECORDS

This is a "homemade" yearbook, memorializing the three days that this sixth grade class spent at YMCA's Camp Chingachgook on Lake George in June 1994. It contains photographs (primarily Xerox copies plus 4 Polaroids), autographs and comments. The book itself is 8 ½ x 11 inches, the size of a regular year book, but has been bound with blank pages. Everything on the pages has been glued in or hand-written. There are individual yearbook-type pictures of each student, with names written in pencil. These appear to be Xeroxed pages from an actual yearbook. Inside the front cover is Morgan Chrust's card from Schuylerville Outdoor Education certifying that he climbed Buck Mountain, elevation 2364 feet.
